**COVID-19 BULLETIN – 0003**

**To:** All Public and Private Owners

**From:** David M. Martin  
President

**Re:** AZAGC Members' Commitment to Current and Future Projects

**Date:** March 17, 2020

---

Members of the Arizona Chapter of the Associated General Contractors of America (AZAGC) are committed to ensure compliance with our government officials' recommendations to curb the spread of the Coronavirus known as COVID-19. Our members are implementing social distancing protocols as recommended by the CDC and OSHA. They are committed to the safety and well-being of their employees as well as those of our public and private partners.

With this in mind, we want our clients to know that our members are dedicated to project success and will work to ensure current and future projects are staffed appropriately and safely to meet project schedules.

On behalf of our membership, we are committed to stay on the job to get your project completed, safely, on-time and within budget during this national crisis. Continuing work on projects is good for Arizona's economy during these difficult times.

The link below will take you to additional resources that our members are utilizing to provide guidance and help manage their projects during the COVID-19 Pandemic.
