About the Awards

What are the awards?

The AZAGC Build Arizona Awards annually celebrate the construction achievements of AZAGC contractors. The program recognizes excellent projects, and outstanding companies, partnerships and individuals that go the extra mile to make a project a success.

Eligible projects are categorized by the dollar amount, location and procurement type (Design Bid Build, Job Order Contracting, Design Build, Construction Manager at Risk, and Public Private Partnerships.) Projects are then divided into four building disciplines – Heavy/Industrial, Highway Construction, Municipal, Utility, and Pavement Preservation.

The following critical elements are reviewed and considered when selecting the winning projects:

- Levels of compliance
- Outstanding craftsmanship
- Technical innovation
- Sustainability
- Ability to solve technical issues with creative solutions
- Use of innovative products and skills to overcome difficult site conditions
- Safety - projects with a fatality will be disqualified

Why you should submit

-
- Gain recognition and increase your reputation within the industry
 - Reward your TEAM for excellent work
 - Meet clients and peers at the awards ceremony to raise your profile and develop future business

The uniqueness of the project will determine the Build Arizona Award winners.

Entry Requirements

1

The competition is open to all Arizona Chapter AGC general contractor firms in good standing with the chapter. All parties of a joint venture **MUST** be dues paying Arizona chapter AGC members. Any company can choose to apply for any or all the award categories. A separate application and separate entry fee must be completed for each award category. Each application will be judged on its own merits and will not be influenced by the number of awards for which a company applies.

2

Awards may not be presented in every category. Please consider carefully which category to enter and ensure you address all the award criteria listed in the application. **Projects must have been completed in 2022.** Projects must be located within the boundaries of the state of Arizona. All parties of a Joint Venture **MUST** be AZAGC member firms in good standing. Principal or officer must sign the Contractor-Project Information Sheet (page 7.)

3

Applications for the 2023 Build Arizona Awards can be submitted in the following categories for both public and privately funded projects. Additional qualifying information includes location, type of work, and project delivery.

- **New Construction**
